Our Commitment to Provider Access

At Oasis Academy Silvertown, we value strong partnerships with employers, training providers, colleges, sixth forms, universities, and apprenticeship organisations. We are committed to ensuring that all students from **Year 7 to Year 11** receive high-quality, impartial information about the full range of post-16 education and training options.

We fully recognise and are committed to comply with the [Provider Access Legislation \(PAL\)](#), applying to Year 8 and onwards. This includes the **Baker Clause (DfE, 2021)** and its **PAL enhancements (January 2023)**. This complies with the school's legal obligations under **Section 42B of the Education Act 1997**.

Student Entitlement

All students in **Years 7 to 11** are entitled to:

- Find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- Hear from a range of local and national providers about the opportunities they offer, including technical education and apprenticeships as well as academic and other vocational routes – through options events, extended assemblies and enrichment events.
- Learn how to apply for a wide variety of **post-16 options**, both academic and technical.
