

In our first week back after half term we celebrated three victories for our Year 8 and 9 Girls **Netball teams** – see all the details on our [Instagram page](#). Well done girls!

Our Year 11s are hard at work in their second set of **mock exams** at the moment. Thank you parents for supporting students to arrive early for their 8am warm up sessions before exams begin and for encouraging them with their revision and preparation.

In our assembly on Friday we celebrated **International Women’s Day**. It was great to hear 7 and 8 Malala present their reflections on the importance of celebrating women and their achievements.

We also had a visit from the **Royal Docks** team in our assemblies. They let us know about the planned developments to the docks area. You can find out more and share your views on the developments [here](#).

We have all been thinking about **resilience** and how keeping going when things are tough is what leads us to great achievements that we can be proud of. Do encourage your children to keep going in their lessons; we know that we can only learn when we are doing difficult things!

Thank you as ever for your ongoing support.

Emily Boxer, Principal

- **5th Mar** – Globe Theatre Romeo and Juliet Year 8 Trip
- **6th Mar** – Year 11 Post Mock Celebration

Meet the Staff:

Mark Obiri-Yeboah
Teacher of Maths

I chose Oasis Academy Silvertown because of its strong sense of community, high expectations, and commitment to helping every student reach their full potential. The school’s values - *Be Proud. Be Professional. Be Nice. Be Independent. Be Resilient.* - really resonate with me, and I wanted to be part of a team that lives those values every day. I was also drawn to the school’s inclusive environment and its focus on preparing students to be confident, responsible, and successful in the future.

I’m passionate about building positive relationships and creating a classroom where everyone feels seen, supported, and motivated to succeed in Maths. My students and I share a great bond over our love of food - whether it’s lamb chops, jollof rice, jerk chicken, waakye, pizza, or my slight addiction to Supermat! I truly believe that every student can achieve great things in Maths when they feel encouraged, apply themselves, and are challenged to give their best.
